## Profile

Joined CUTS International in January 2024. Major responsibilities include project handling related to trade and sustainable development, conducting field visits. Policy research, writing articles and research papers.

## Experience and skills

### Office of Commerce and Industry Minister, GoI, India, Young Professional (February 2022-July 2023)

Deputed to the Office of Commerce and Industry Minister, Shri Piyush Goyal. A diverse role with an involvement in day-to-day functionalities of the Ministry. This involves, among other things, working under strict deadlines, organizing Minister's events, handling the CIM Dashboard, monitoring inflation of essential commodities, analyzing trade data and FTAs, and attending high level meetings with different Industry Stakeholders, Foreign Delegates, Government Secretaries and other Officials.

### Loka Kalyan Parishad, Kolkata, Project Assistant (September 2021-January 2022)

Worked on a project based on Self Help Groups (SHGs) to uplift the rural tribal communities, especially the women by utilizing the scheme called Mahila Kisna Sashaktikaran Pariyojana (MKSP). Also worked to formulate the course structure that LKP would provide to the trainees so as to train them as "Training Providers" under the "Utkarsha Bangla" scheme of West Bengal.

### The Math Company, Kolkata, Analyst (September 2020-August 2021)

Worked with the Microsoft account for creating Customer Analytics Platform (CAP). It involved handling big data, data cleaning, and analyzing to give a snapshot to our clients about their company performances.

### Mphase Technologiesal, Kolkata, Content Writer (December, 2019 to August 2020)

### UNIMRKT, Gurgaon, Research Associate (September, 2019 to November 2019)

Had worked as the primary researcher in the firm, whereby I got the opportunity to collect primary data mostly through CATI and CAWI.
